PROFESSIONAL SUMMARY

Frontend Developer with hands-on experience building responsive, API-driven web applications using React, Tailwind CSS, and modern UI libraries. Strong UX/UI design background with a focus on usability, accessibility, and clean interface implementation.

SKILLS

- Frontend : **HTML5, CSS3, JavaScript (ES6+), React, TypeScript, Tailwind CSS, Mantine UI, Redux Toolkit, Tanstack Query**
- UX/UI : **Wireframing, Prototyping, User Research, Usability Testing, Responsive Design**
- APIs: **REST API Integration**
- Tools: **GitHub, VSCode, Figma**

EXPERIENCE

CoachTribe - Remote, Frontend Developer (Volunteer)

Oct 2025 - Present

- Built **5+ reusable and responsive UI components** using React, Tailwind CSS, Mantine UI, and TanStack Router.
- Integrated **9+ REST API endpoints** to fetch, display, and update dynamic data across user flows.
- Implemented API state management with TanStack Query and Redux toolkit, reducing redundant calls and improving performance.
- Collaborated with a cross-functional team of designers and developers in agile sprints.
- Ensured 100% responsive design across desktop, tablet, and mobile breakpoints.
- Actively contributing to ongoing dashboard enhancements and API integrations.

TecTree Software Consulting Pvt. Ltd. - Noida, UX/UI Designer

Nov 2023 - Sep 2024

- Designed interfaces for SaaS platforms (Vendor Portal & Shareholder Portals), covering **20+ key screens** including dashboards, RFQs, inventory, invoicing, and AGM credential workflows.
- Worked closely with frontend developers to ensure pixel-perfect implementation of designs.
- Contributed to improving user satisfaction through iterative usability feedback and interface refinements.
- Created reusable design components and maintained design consistency using Figma.

Freelance - Noida, UI Designer

Dec 2022 - PRESENT

- Designed **6+ responsive landing pages and marketing websites** for startups and small businesses.
- Collaborated directly with clients to define user flows and visual direction, improving clarity and engagement.
- Delivered pixel-perfect design systems and assets that streamlined frontend implementation.
